

Lincoln
SAVINGS BANK

Everyone has unique needs & goals. By listening and asking questions, my goal is to be your partner in developing a disciplined plan to lay the foundation for success.

AN INTRODUCTION

Born and raised in Central Iowa, my values were shaped by hard work and an appreciation for treating all people with the utmost respect. These values hold true whether I am spending time with family, volunteering in my community or assisting my clients. My passion is to bring complex issues into more simple terms by sitting down and listening to concerns, then finding solutions that you can feel comfortable with for the long term.

COMPANY OVERVIEW

Inspired by the authenticity of Abraham Lincoln, Lincoln Savings Bank invests in long-term relationships that require continuous commitment and expertise.

Founded in 1902 as an employee-owned organization, Lincoln Savings Bank has over 100 years of personalized and professional financial experience to suit your needs. You can feel the difference in the expert service you receive from people who truly understand what it means to be a community banker. And like Abe, we're forward-thinking, innovative, and passionate about what we do.

BETTER TRUST SERVICES

We all have a vision for the legacy we leave. We want to ensure our loved ones, communities and charities benefit from the wealth we have accumulated over a lifetime of hard work. Without professional planning in advance of retirement or death, your legacy may be at risk.
